

## **LP Service Technician**

### **Job Description:**

**Wrightington Gas** is seeking an experienced Propane Service and Installation technician. The ideal candidate provides customer service and satisfaction by efficiently maintaining and repairing Propane appliances sold by the company to residential, commercial, and industrial customers in a manner that supports the company's commitment to service excellence and customer satisfaction.

### **Roles and Responsibilities:**

- Install, maintain, and troubleshoot all aspects of propane systems and appliances in a safe, professional, and efficient manner.
- Install propane gas tanks and perform/document gas checks
- Ensure all company policies, procedures, handbooks, manuals, and state/local and federal codes are adhered to in connection with all troubleshooting, repairs, services, and installations
- Participate in "on-call" rotation which requires weekend and after-hours availability
- Conduct daily pre-trip vehicle inspection and operate company vehicle in a safe manner, in compliance with state/federal motor vehicle laws
- Complete paperwork in neat, timely, and accurate manner
- Consistent compliance with company, state, and federal safety regulations
- Present a neat and clean appearance, including maintaining cleanliness of company vehicle

### **Minimum Requirements:**

- Hold valid LP, Gas Fitter's, or Plumber license to perform daily propane service and installations
- A valid operator driving license and clean driving record
- A valid Class A or B CDL license with proper endorsements
- 1-3-years of relevant industry experience in propane
- The ability to manually lift heavy objects (up to 75lbs)
- Highly organized and flexible
- Problem solving /troubleshooting skills
- Must be reliable, enthusiastic, committed, and accountable
